A. Firm Information

Polaris Portfolios, LLC (“Polaris” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”) conducting business as an “Internet-only” advisor pursuant to Section 203A-2(e) of the Investment Advisers Act of 1940, as amended (the “Advisers Act”).

Polaris is organized as a Limited Liability Company (“LLC”) under the laws of the Commonwealth of Massachusetts. Polaris was founded in September 2015 and is owned and operated by Evan Kulak (Co-Founder), Grant White (Co-Founder) and Michael McDermott (Co-Founder) (collectively the “Principal Owners”). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Polaris.

The Advisor serves as a fiduciary to Clients, as defined under applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

B. Advisory Services Offered

Polaris offers discretionary investment advisory services to individuals (referred to as a “Client”) through its interactive website at <http://polarisportfolios.com>. Polaris is what is often termed a “robo-advisor”, an online wealth management service that provides automated, algorithm-based portfolio management advice. Robo-advisors use technology to deliver similar services as traditional advisors, but generally only offer portfolio management and do not get involved in a Client’s personal situation, such as taxes and retirement or estate planning. Through interactive tools and advice models, the Advisor shall assist the Client with identifying their investment goals and objectives as well as risk tolerance and financial situation through a web-based risk questionnaire in order to create a portfolio allocation through its interactive website and other tools. It is up to the Clients to determine his or her investment goals and objectives, risk tolerance and financial situation. Once this is determined, the Client will be placed in a portfolio consisting of diversified mutual funds and/or exchange-traded funds (“ETFs”). Polaris will have discretionary authority over Client account[s] with respect to portfolio construction, asset allocation and other investment decisions, subject to the limitations described herein.

The Advisor has two service levels for the robo-advisory platform:

DigitalPlus Advisor

- Personalized Portfolios
- Professional Investment Management
- Tax Efficient Portfolio
- Access to Licensed Financial Advisors
- Chat, Email, and Support

Wealth Advisor

- All Benefits of DigitalPlus Advisor
- Customized Investment Management
- Comprehensive Financial & Estate Planning
- 401(k) Advice

Accounts are established in a “wrap fee” structure, which includes the costs for securities transaction fees on the overall investment advisory fee. Please see Item 4.D. below.

Polaris’ investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Polaris will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Polaris evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Polaris may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Polaris may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement, which may adversely affect the portfolio. Polaris may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will Polaris accept or maintain custody of a Client's funds or securities. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement. For additional information, please see Item 12 – Brokerage Practices and Item 15 - Custody.

Limited Access to Advisor

The Advisor serves as an "Internet-Only" investment advisor pursuant to Section 203A-2(e) of the Advisers Act. Under this registration the Advisor provides investment advice solely through its interactive website. The Advisor is not available to Clients for telephone conversations or communications through other means such as U.S. mail, courier or email (other than operational emails). The Advisor does not meet with Client's at its offices. All advice, support and inquiries are delivered through the Advisor's website.

The Advisor may, for a limited number of Clients annually, provide customized services, subject to the limitations set forth in Section 203A-2(e) of the Advisers Act.

Bank Affiliations

Polaris may have affiliations with several banks and representatives of the banks (here in the "Banks"), where they will recommend the services provided by the Advisor. Through this affiliation, the banks will direct Client(s) to their site to go through the risk based questionnaire(s). Polaris through their analyses from the Client data provided from the questionnaire(s) will be forwarded to the appropriate department of the Banks, allowing the Banks to cross sell banking and insurance products.

C. Client Account Management

Prior to engaging Polaris to provide investment advisory services, each Client is required to enter into an one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Polaris, in connection with the Client, will develop an investment strategy that seeks to achieve the Client's investment goals and objectives.
- Asset Allocation – Polaris will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.
- Portfolio Construction – Polaris will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Polaris will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Polaris includes securities transaction costs together with its investment advisory fees into a single, "bundled" fee. Including these fees into a single asset-based fee is considered a "wrap fee program". Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix I – Wrap Fee Program Brochure, which is included as part of this Disclosure Brochure.

E. Assets Under Management

As of December 31, 2017, Polaris manages approximately \$150,000 in Client assets, all of which are on a discretionary basis. Client's may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign an investment advisory agreement that details the responsibilities of Polaris and the Client.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid monthly in advance pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the beginning of each calendar month. For DigitalPlus Advisor and Wealth Advisor the annual fee ranges up to 0.75% billed monthly in advance. Clients with an account value greater than \$250,000 are eligible for Wealth Advisor Services. For Client assets between \$5,000 to \$999,999 the annual FolioFN fee is 0.25% and for assets over \$1,000,000 the annual FolioFN fee is 0.12%. The fee collected by FolioFN is included the annual fee charged by the Advisor. For

FolioFN charges a minimum brokerage fee of \$50. For accounts below \$5,000 the Advisor will cover the difference between the revenue generated from Polaris fees and FolioFN's \$50 fee.

The investment advisory fees in the first month of service are prorated from the inception date of the account to the end of the first month. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will be based off the accounts assets under management with Advisor. All securities held in accounts managed by Polaris will be independently valued by the Custodian. Polaris will not have the authority or responsibility to value portfolio securities.

Bank Affiliations

For Banks utilizing the services provided by Polaris, there is an upfront fee ranging from \$100,000 to \$150,000.

B. Fee Billing

Investment Management Services

Investment advisory fees will be deducted from the Client's account by the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client Account at the respective month. The amount due is calculated by applying the monthly rate (annual rate divided by 12) to the total assets under management with Polaris at the end of the prior month. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. In addition, the Advisor makes information regarding the Client's account[s] and fees available to the Client via our website at <http://polarisportfolios.com>. It is the responsibility of the Client to verify the accuracy of these fees as listed on the custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Polaris to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Polaris, in connection with investments made on behalf of the Client's account[s].

For Clients in the Polaris Wrap Fee Program, all normal custody and securities transaction fees charged by the Custodian are included in the Client's investment advisory fee as noted above. The Client will be responsible for securities transaction fees for Client-directed trades.

In addition, all fees paid to Polaris for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Polaris, but would not receive the services provided by Polaris which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives.

Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Polaris to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Management Services

Polaris is compensated for its services in advance of the month in which investment advisory services are rendered. Either party may request to terminate their investment advisory agreement with Polaris, at any time, in whole or in part, by providing advance written notice. The Client may terminate the investment management agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client shall be responsible for investment advisory fees up to and including the effective date of termination. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior written consent.

E. Compensation for Sales of Securities

Polaris does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Polaris does not charge performance-based fees for its investment advisory services. The fees charged by Polaris are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client.

Polaris does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Polaris provides investment advisory services to individuals. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Polaris generally does not impose a minimum account size for establishing a relationship. However, the Advisor does require an annual fee of \$60 for Client Account(s) with assets less than \$20,000 under the management of Polaris.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Polaris primarily employs fundamental analysis methods in developing investment strategies for its Clients. Research and analysis from Polaris is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

As noted above, Polaris generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Polaris will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Polaris may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Polaris will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with investment transactions:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. For more information on our investment management services, please contact us at via our website <http://polarisportfolios.com>.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Polaris or its Supervised Persons. Polaris values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 281952.

Item 10 – Other Financial Industry Activities and Affiliations

The sole business of Polaris, the Principal Owners are to provide investment advisory services to its Clients. Neither Polaris nor its Supervised Persons are involved in other business endeavors. Polaris does not maintain

any affiliations with other firms, other than contracted service providers to assist with the servicing of its Client's accounts.

Bank Affiliations

Polaris may have affiliations with several banks and representatives of the banks where they will recommend the services provided by the Advisor. Through this affiliation, the banks will direct Client(s) to their site to go through the risk based questionnaire(s). Polaris through their analyses from the Client data provided from the questionnaire(s) will be forwarded to the appropriate department of the Banks, allowing the Banks to cross sell banking and insurance products.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Polaris has implemented a Code of Ethics (the "Code") that defines our fiduciary commitment to each Client. This Code applies to all persons associated with Polaris (our "Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Polaris and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Polaris associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code by contacting us via our website <http://polarisportfolios.com>.

B. Personal Trading with Material Interest

Polaris allows its Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Polaris does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Polaris does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Polaris allows its Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted, consistent with Section 204A of the Investment Advisers Act of 1940, the Code, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of Polaris may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by thorough review and reporting of personal securities trades by its Supervised Persons for review by the Supervised Person's supervisor or the Chief Compliance Officer ("CCO"). We have also adopted written policies and procedures to detect the misuse of material, non-public information.

In addition, the Code governs Gifts and Entertainment given by and provided to the Advisor, outside employment activities of Supervised Persons, Employee reporting, sanctions for violations of the Code, and records retention requirements for various aspects of the Code.

D. Personal Trading at Same Time as Client

While Polaris allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Polaris, or any associated person of Polaris, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Polaris does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Polaris to direct trades to the Custodian as agreed in the investment advisory agreement. Further,

Polaris does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Polaris does not have discretion to engage the Custodian. Polaris will generally recommend that Clients establish their account[s] at FolioFN Investments, Inc. ("FolioFN"), a FINRA-registered broker-dealer and member SIPC. Clients will be required to engage FolioFN and authorize the Advisor to access the Client's account[s] for discretionary trading. FolioFN will serve as the Client's "qualified custodian". Polaris maintains an institutional relationship with FolioFN, whereby the Advisor receives economic benefits from FolioFN. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. Polaris does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor does receive certain economic benefits from the Custodian. Please see Item 14 below.

2. Brokerage Referrals - Polaris does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Polaris will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Polaris will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Polaris will execute its transactions through the Custodian as authorized by the Client. Polaris may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities are monitored on a regular and continuous basis by the Principal Owners of Polaris. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Polaris if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage

statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Polaris

Polaris is a fee-only advisory firm, who, in all circumstances, is compensated solely by the Client. Polaris does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party. Polaris may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, Polaris may receive referrals of new Clients from a third-party.

Participation in Institutional Advisor Platform

Polaris has established an institutional relationship with FolioFN to assist the Advisor in managing Client account[s]. Access to the Custodian Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at FolioFN. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor may receive the following benefits from FolioFN: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Client Referrals from Solicitors

Polaris does not engage paid solicitors for Client referrals.

Item 15 – Custody

Polaris does not accept or maintain custody of any Client accounts, except for the authorized deduction of the advisor's fee. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Polaris to utilize the Custodian for the Client's security transactions. Polaris encourages Clients to review statements provided by the account Custodian. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

Item 16 – Investment Discretion

Polaris generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Polaris. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Polaris will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Polaris does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Polaris, nor its management, have any adverse financial situations that would reasonably impair the ability of Polaris to meet all obligations to its Clients. Neither Polaris, nor any of its Advisory Persons, has been

subject to a bankruptcy or financial compromise. Polaris is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.
